

party brainstorm – page 1

Where would you want to host the party? At home? At a park? In a local hotel ballroom? Remember, the sky's the limit!

Would you have tables for your guests or chairs to sit on?

What kinds of decorations would you have to give your party the “feel” you want your guests to have when they enter?

Would you have entertainment? If so, who would provide it? If it's just music, will you need special stereos/speakers/etc.?

How long will the party last?

Will there be food served at the party? What kinds?

Based on the food choices, will plates be needed? How about napkins? How about utensils? How about serving bowls?

How about drinks? Will you offer any? If so, what kinds?

Will the drinks need cups? How about pitchers?

party brainstorm – page 2

Who should we add to our guest list?
