

*Adapted from a childrens-choice.org activity recommendation (used with permission)*

Depending on your child's language level, place varying words on post-its on a twister board, then type the word types on the different spinner sections below. (E.g. short vowel/long vowel, verb tense, pronoun/adverb, prefix/suffix, etc.) Color print this page, then cut along the dotted lines below. Finally, tape onto the Twister spinner. Putting a body part on an incorrect answer lands you "out", as does falling.
